Logitech Introduces Durable, Spill-Resistant Keyboard and Mouse Combo

The Logitech MK235 Wireless Keyboard and Mouse Combo Features Familiar Keyboard Layout and Extra-Long Battery Life

SINGAPORE — 25 January 2016 — Today Logitech (SIX: LOGN) (NASDAQ: LOGI) introduced the Logitech® MK235 Wireless Keyboard and Mouse Combo, a spill-resistant keyboard and mouse combination with wireless connectivity and a durable design.

“The MK235 Wireless Keyboard and Mouse Combo provides a simple and reliable solution – with no learning curve – for desktop users,” said Moninder Jain, Managing Director of Logitech Southeast Asia and India at Logitech. “Choose reliable connectivity now with the simple plug-and-play setup of this combo.”

The keyboard features a familiar layout with full-size arrow keys, a number pad and all the usual keys you need, as well as easy access to 15 function keys. With its durable, spill-proof design and anti-fading treatment, you never have to worry about losing the letter from your keys. It also has two adjustable typing angles and sturdy tilt legs. Additionally, the mouse has a standard on/off button, a wireless range of 10 meters and Logitech Advanced Optical Tracking for multi-surface tracking.

The new MK235 Wireless Keyboard and Mouse Combo is built to last and provides a long-lasting solution that allows you to be more productive for much longer.

Pricing and Availability

The MK235 Wireless Keyboard and Mouse Combo will be available in Singapore in January 2016, for a suggested retail price of \$39.00. For more information, please visit www.logitech.com, or connect with us on [Facebook](#).
